# Overview & What We're Doing Now

12. [Ref. 26171] The parents of students taught by one out-of-field teacher were not notified of the teacher's out-of-field status in ESE until March 4, 2020, which was after the February 2020 reporting survey period. We propose the following adjustment:

|                         |                |
|-------------------------|----------------|
| 101 Basic K-3           | .4114          |
| 255 ESE Support Level 5 | <u>(.4114)</u> |

14. [Ref. 17171] One teacher was not properly certified and was not approved by the School Board to teach out of field. The teacher held certification in Elementary Education but taught courses that required certification in Early Childhood Education. We also noted that the students' parents were not notified of the teacher's out-of-field status. We propose the following adjustment:

|                                   |                 |
|-----------------------------------|-----------------|
| 103 Basic 9-12                    | 5.0946          |
| 113 Grades 9-12 with ESE Services | (.7140)         |
| 300 Career Education 9-12         | <u>(4.3806)</u> |

3. [Ref. 11171] One teacher was not properly certified and was not approved by the School Board to teach out of field. The teacher held certification in ESE but taught a course that required certification in Elementary Education. We also noted that the parents of the ELL student were not notified of the teacher's out-of-field status. Since the student taught by this teacher was adjusted in Finding 4 (Ref. 11101), we present this disclosure finding with no proposed adjustment.

7. [Ref. 9171/73] Two teachers were not properly certified and were not approved by the School Board to teach out of field. The teachers held certification in Elementary Education (Ref. 9171) and Varying Exceptionalities (Ref. 9173) but taught courses that required certification in ESE and Elementary Education, respectively. We also noted that the students' parents were not notified of the teachers' out-of-field status. We propose the following adjustment:

|                         |                |
|-------------------------|----------------|
| <u>Ref. 9171</u>        |                |
| 101 Basic K-3           | .4762          |
| 254 ESE Support Level 4 | <u>(.4762)</u> |

|                         |                |
|-------------------------|----------------|
| <u>Ref. 9173</u>        |                |
| 103 Basic 9-12          | .0722          |
| 254 ESE Support Level 4 | <u>(.0722)</u> |

7. [Ref. 5372] One teacher taught 15 courses (13 courses in the February 2020 reporting survey period and 2 courses in the June 2020 reporting survey period) that included ESE students but was not properly certified to teach these courses. Specifically, for the 13 courses in the February 2020 reporting survey period, the teacher was not approved by the School Board to teach out of field until February 11, 2020, and the parents of the students were not notified of the teacher's out-of-field status until February 12, 2020, both of which occurred after the February 2020 reporting survey period. For the 2 courses in the June 2020 reporting survey period, the teacher was not approved by the School Board to teach out of field and the parents of the students were not notified of the teacher's out-of-field status. We propose the following adjustment:

|                         |                 |
|-------------------------|-----------------|
| 102 Basic 4-8           | 1.0452          |
| 103 Basic 9-12          | .1666           |
| 254 ESE Support Level 4 | <u>(1.2118)</u> |

14. [Ref. 700171] One teacher was not properly certified and was not approved by the School Board to teach Social Science out of field. In addition, the students' parents were not notified of the teacher's out-of-field status. We propose the following adjustment:

|                                   |                |
|-----------------------------------|----------------|
| 103 Basic 9-12                    | .0736          |
| 113 Grades 9-12 with ESE Services | <u>(.0736)</u> |

5. [Ref. 16171/72/73] Three teachers were not properly certified and were not approved by the School Board to teach out of field in Television Production Technology (Ref. 16171), Photography (Ref. 16172), or Business Education (Ref. 16173). We also noted that the students' parents were not notified of the teachers' out-of-field status. We propose the following adjustments:

| <u>Ref. 16171</u>         |                 |

| 254 ESE Support Level 4 | <u>(.0774)</u> |

2. [Ref. 2271] One teacher was not properly certified and was not approved by the School Board to teach out of field. The teacher held certification in Elementary Education but taught a course that also required the PK Disabilities Endorsement. We also noted that the parents of the students were not notified of the teacher's out-of-field status. We propose the following adjustment:

# Why should we care about Teacher Certification?

## Almost every district has an audit finding(s)

These findings remove  
weighted funding!

# Options for Out of Field Entry

## *Option 1: Manually entering Cert/Licensure/Qual Status*

Historically this is what most districts have done. Data entry or HR staff manually marks each individual class on the section.

**This is the most error prone and causes audit findings.**

# ELL

---

23. [Ref. 903971] One teacher taught basic subject area classes that included ELL students but had earned only 7 of the 60 in-service training points in ESOL strategies required by SBE Rule 6A-6.0907, FAC, and the teacher's in-service training timeline. We propose the following adjustment:

|               |                |       |
|---------------|----------------|-------|
| 102 Basic 4-8 | .3290          |       |
| 130 ESOL      | <u>(.3290)</u> | .0000 |

# ELL

If an ESOL/ELL student is enrolled in an ELA course (course beginning with '10' or '5010'), Focus will automatically require the teacher to hold the ESOL endorsement or 300 hours.

In order to enforce the ESOL requirements for other courses the ELL checkbox on the course catalog must be checked for those courses. We pre-check the box for all courses except postsecondary & therapy courses. This will require the teachers to have the ESOL certification or endorsement OR

- *Other Core Subjects (Math, Sci, SS, Comp Ed):* Teachers must have 60+ in-service points or endorsement
- *Other Electives:* Teachers must have 18+ in-service points.

Subject Out-of-Field Letter

Current Date

Dear Parent(s)/Guardian(s) of Last, First M.

At Jefferson County Schools, some teachers are undergoing continuing education to expand their certification for their current teaching assignment.

As required by Florida Statute 1012.42(2), this letter is to inform you that on August 28th, 2023 the school board has appointed teachers for the School Year school year to teach in an area outside their current teaching certification, field of study, subject area expertise, or require an additional certification endorsement. These out-of-field teachers assigned to instruct your child are:

Out of Field Teachers (computed)

Our teachers are actively working to obtain the necessary credentials, and we have full confidence in their ability to teach effectively.

If you have any questions or concerns, please feel free to contact me.

Sincerely,

Principal  
Principal

Previously this computed table only included sections with O & B. It now also includes N except for Academic DE courses.

Under **Users > Profiles > Permission Type: Menu > Scheduling** you can set the permissions for **Allow Saving Out of Field Teachers**. This allows you to control who can assign a teacher to teach a course they are not certified to teach.

Districts might consider limiting who at their schools can assign OOF teachers, or optionally disable this option once the last Board approval meeting occurs before the survey week and then re-enabling after survey week.

# Current Know Issues

We believe that Teacher Course Edit 19 needs to be adjusted to include 5100570 School Readiness.

**19)** If 'Course Number' does not equal 5100620, 5100580 or 5100590, then 'Certification/Licensure/Qualification Status' code must not be V. (*Reject*)

# Want to pursue Skyward Import?

---

- **Pros:** the HR staff knows when teacher's certifications change, and they can update it on their end. They can also look up the cert levels for subjects that have more than one level option.
- **Cons:** MIS is not in control of cert entry and then you are reliant on HR getting it all entered correctly. We have seen many districts with issues with the actual codes/field setup in Skyward. Additionally, the process runs over night, so you have a 1-day lag on updates from Skyward.
- We have a detailed article on the **Teacher Cert Import from Skyward** and we are happy to meet one-on-one if a district wants to pursue this.
- Since most districts are not pursuing this option, we will not spend any more time on this topic today.

# Teacher Certification Lookup

---

Any teacher's certification can be looked up on the public Teacher Certification License Verification search website:

<https://flcertify.fldoe.org/datamart/login.do>

Note: if a teacher receives an eligible Statement of Status of Eligibility (SOE) from BEC but has not yet received their official certification the district can code that teacher in-field for those subjects.

# Manual Entry Note

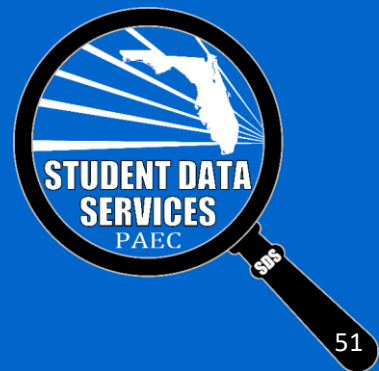

**If you add/change a teacher's certification logging field it does NOT automatically update their sections.**

You must either manually run the scheduled job or wait for the scheduled job to run that day for the Teachers In/Out of Field report to reflect the changes that were made.

Another option is going to the school and Teacher In/Out-of-Field report and clicking the "Reconcile..." button.

**Note: If there is no value, the teacher will automatically be considered out-of-field.**

# ELL

If an ESOL/ELL student is enrolled in an ELA course (course beginning with '10' or '5010'), Focus will automatically require the teacher to hold the ESOL endorsement or 300 hours.

In order to enforce the ESOL requirements for other courses the ELL checkbox on the course catalog must be checked for those courses. We pre-check the box for all courses except postsecondary courses & therapy. This will require the teachers to have the ESOL certification or endorsement OR

- *Other Core Subjects (Math, Sci, SS, Comp Ed):* Teachers must have 60+ in-service points or endorsement
- *Other Electives:* Teachers must have 18+ in-service points.

# Other Course Catalog Fields

---

Focus has some special fields where you can set additional requirements beyond what is in the CCD Reqs. We do not use these fields, but we do have additional information about each in our article:

- Gifted

Clean this up! Don't let people edit this stuff if they do not know what they are doing!  
We have seen some crazy permissions here.

# Out of Field Letters & Website Notification

# Out of Field Letter

---

Please be aware there are TWO processes for out of field letters:

1. If you are manually marking the Cert/Licensure/Qual Status on the sections you would use the **Legacy Manual Out of Field Letters Process**.
2. If you are running the Update Teacher Certifications Scheduled Job you would use this process we are covering today which is outlined in the article **Out of Field Letters & Website Notification**.

# Out of Field Letters & Website Notification

---

When a teacher is assigned to teach outside the field in which the teacher is certified, their minor field of study, or the field in which they demonstrated sufficient subject area expertise, the district must:

1. The parents or legal guardians of each student in each class shall be notified in writing of such assignment, either in paper or electronic format.
2. Report out-of-field teachers on the district's website within 30 calendar days before the beginning of each semester. If a district hires an out-of-field teacher or if a teacher becomes out-of-field after that date (because, for example, an ELL has been placed in his/her class), they must promptly update the website posting.

For both the individual parent/guardian written notification and website list, it is recommended to include:

- name(s) of the school(s)
- course name(s)
- each teacher's name
- certificate subject(s) and/or endorsement(s) for which each teacher is approved to teach out-of-field
- date of each teacher's approval by the school board

# Reminders

# PAEC Transcripts Updates

## Action items:

- We added a checkbox "Serious or recurrent behavior patterns contact school for records" to the Classified screen. Be sure to give your staff access to this field. If this field is checked or your local Threat Assessment checkbox is checked a message displays on the transcript "Serious or recurrent behavior patterns contact school for records". This is a requirement stemming from HB 757.
- Add the "Grad Subject short name" to the Transcript Default settings. See the screenshot in the "Course History" section of [PAEC Transcript Design article](#) to see how to update the default settings for each template.

## Additional Updates:

- Completely removed ESE, 504, ELL, and Parent/Guardian from District to College template.
- Added to the Graduation Information section the student's withdrew date and code if they have not yet graduated. EG "Not Yet Graduated; withdrew on 08/14/2026 as (W04) Private Sch or nonpublic sch transfer"
- Added another section under the current grades computed field to provide days present and absent. EG "For the 2026-2027 school year, the student was present 23 days and absent 0 days."
- Added another computed field that displays Civic Literacy Assessment Passed status
- The header for the District 2 District and Unofficial has been updated to "Discipline Information" there used to be a "Has Threat Assessment" field which has also been removed now as that is incorporated in the new "Serious behavior..." message.
- Now if you have not chosen an option in the school field "Class Rank to Display on Secondary Transcript" we output "Students are not ranked at this school".
